

Ocean Divine
Maldives

DIVERS INFORMATIONS :

We will organise the diving groups depending on experience and needs, would you please let us know :

Certification level :

Number of dives :

Date of last dive :

Have you ever dive in strong current ?

Please take into consideration that the best divesites that the Maldives has to offer are down to 30m/100ft, so we strongly advice that you have the Advanced Open Water certification level that you could obtain here with us during your trip.

There is an Online theory option available in case that you want to do the theory part of any course that you want to take with us before your strip starts (less study on board means better naps !).

In order to satisfy all your equipment needs we kindly ask to provide the following information all divers (write own if you have your own equipment) :

BCD size :

Fins size :

Need a regulator set ?

Need a diving computer ?

If you are not of what BCD size you need please let us know your height and weight and will estimate it for you.
